EVOLUTION ENRICHMENT

C O U R S E S

CHESS

Enhance your child's critical thinking skills, brain power, memory, and IQ. Learn beginners, intermediate and advanced levels with experienced facilitators.

Phonics & Reading In Hindi

Learn Hindi Phonetically as a language to build your child's fundamentals. Hindi is spoken by 135 million people in India & is the official language of the country.

Phonics & Reading In English

Learn English the fun way! Give your child a head start at school, build their foundation. Make them a super reader and writer with our classes.

Music & Movement with yoga

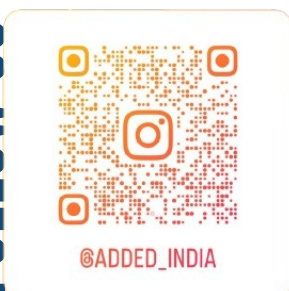

Music and Movement creates body awareness, balance, coordination. Helps in attention & behavioural regulation all the while building flexibility and strength.

GK via GD

General knowledge helps us to grow on both personal as well as academic level. Our sense of perceiving the world and analyse situations. It gives children a chance to enhance their knowledge about national and international events of the world.
